HELLO MY NAME IS TOM

## MY FAMILY

My sister became my guardian in 2012. She has been a very integral part of my life since and spends many weekends and holidays with me. She has become an active member of my team. I am lucky to have a sister who is so much a part of my life. She is in my life not as paid support but because she wants to be.

## WORK

I have worked at Target for 15 years. My job tasks have changed over the years but I still love going to work 3 days per week. I have been successful at work with the help of Goodwill Industries. They support me the entire time I am there and help me make sure I am completing my tasks successfully. I am proud of my job at Target.

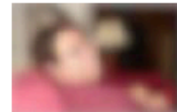

On Wednesday I enjoy bowling with other people supported by Goodwill on Wednesdays. We have lunch together and enjoy bowling together at Bowlavard Lanes.

On Mondays I independently go to Animart to spend time with the pets that are there. Goodwill checks in periodically to make sure everything is going well and to let them know if they have questions who they should contact.

The rate of \$24, 526 for Goodwill makes all the above possible.

## Family Care/IRIS Transition

Living Our Visions is committed to supporting families and individuals to learn about the transition of Dane County Long-Term Care services to Family Care and IRIS.

The State Department of Health Services has **announced** that this transition will take place in the first quarter of 2018.

Living Our Visions is committed to ensuring that families have many opportunities to educate themselves about this transition this year and next. We will be hosting regular learning events, and whenever possible we will record and post the videos of these trainings on our website.
